

All the Heavens

G D Em C D G
As your children gather in peace all the angels sing in heaven
G D Em C D G
In your temple all that I seek is to glimpse Your holy presence

C G
All the heavens cannot hold You, Lord
C D
How much less to dwell in me?
C Em
I can only make my one desire
Am D G
Holding on to thee

G D Em C D G
All the angels exalt You on high - What a kingdom to depart?
G D Em C D G
But You left Your throne in the sky, just to live inside my heart

C D Em
I will always make my one desire
Am D G
Holding on to thee
