

SOUND MINISTRY

Here is a quick run through on how this ministry works.

- The sound tech is part of the worship team – In fact one of the most important parts.
- The sound tech needs to be at Saturday rehearsal and all Saturday night and Sunday morning services. The schedule is on a first come first serve basis and usually the sound techs sign up for 1 weekend a month.
- The sound tech is responsible for: Playing CD before and after services (NO dead air) - Mixing the speaker, band, vocals, special music, CD's & DVD's - Record Service and make copies of CD for congregation as needed – Work with both the Media Tech and Light Tech to coordinate effort for pleasurable audio and visual worship.
- Be ON TIME - Rehearsal is at 4pm until 5:30pm on Saturday afternoons - Sunday morning warm up starts at 8:00am.
- Full training is provided by a sound professional.
